

New and Repaired Roads Included In 63-64 State Road Dept's Budget

The following were received from Representative Roberts Wednesday afternoon:

Replying to wire I wish to advise that following road items for our area are included for construction for fiscal year July 1, 1963—June 30, 1964, by State Road Department to be adopted on June 12, 1963:

2.540 miles Highway 27, Hendry County line to Bare Beach to complete, \$120,000.

3.371 miles High 27 Bare Beach to Lake Harbor contract \$1,200,000.

6.7 miles Highway 27 Lake Harbor to South Bay, contract \$2,800,000.

10.937 miles Highway 80, South Bay through Belle Glade to Six Mile Bend, repave, \$150,000.

5.747 m's Highway 80 from Twenty Mile Bend toward Belle Glade, repave, \$80,000.

7.115 miles Highway 82 Brown Farm Road, beginning existing pavement to Highway 80, \$80,000.

Total expenditures on roads in area \$4,520,000. With exception of Highway 27 which is new road, balance of items are improving with some improvement. Above dollar amount is substantial allotment to area but only slightly improves overall problems. Feel next step is to discuss report of survey with County Commission Board and other commissioners since survey involves secondary roads.

I am writing road report to Monahan and forwarding copy of survey for future planning.

We must press for relief within our road district as road funds distributed on district basis. Feel that we have made a good start and future budgets will include results of survey.

Post Office to Close Wednesday Afternoons

The local post office will begin Wednesday afternoon closings during June, July and August on Wednesday, June 12, 1963, according to postmaster Rosa A. Nash. The office will remain open for counter service on Wednesday from 8:30 a.m. to 12:30 p.m.

If sufficient number of merchants close on Wednesday afternoons, as has usually been the case, there will be only one delivery in the business area on Wednesdays until, September, the postmaster added.

There have already been shipped 102 cars more than the total for last year, with an estimated 700 to 1,000 more to be shipped from the pegged date.

This answers the old asked question as to how much sugar production has cut vegetable growing.

The Glades produces approximately 75 per cent of Florida's total with Seminole, Lake and Orange, Sarasota, Laucha and Marion counties following in order.

It is reported that in 1896 the University of Florida published a bulletin on celery diseases and that Sanford had shipped celery to Jacksonville before that time, with S. O. Chase as one of the early planters.

Inverted V-shaped cypress trough were sunk in the ground as a part of the subterranean drainage and irrigation system used around Sanford, it is reported, before being replaced by clay tile in '06.

Moling land is an accepted practice in water control — irrigation and drainage — in the Glades.

The original mole drain of the Glades today, it is told, came at the Brown Farm when an old boat captain suggested pulling a round cannonball-attain trough the muck chained to a tractor.

Today a tractor driver operates twin bullets at a regulated depth and distance apart, without leaving his seat, with speed and economy.

Brown's Farm shipped the first commercial celery from the Glades, followed by the Van Landingham brothers, Herman Wedgworth, A. J. Sullivan and Joe Friedheim shipping from the fields near Belle Glade when Brown's "money bags" grew limp.

From the hand work of weeding on the seed-beds, shoaling, pulling and transplanting, culm churning and harvesting, Glades farmers of today are mechanized, automated and are delivering to markets with a minimum of labor.

As the world's largest shipping point for celery — mostly green pascal — the Glades celery production had brought \$104 millions gross to farmers, FOB and another \$8.5 million plus to transportation, before June 1st of this season. Shipments will be made until near the middle of June, weather permitting.

Labor and wages had taken half of the farmers' gross; seed, fertilizer, insecticides, equipment, fuel and other costs \$34 millions; the farmers had \$14 millions, approximately for the year.

Preparation of seed beds for next season's crop have already begun; the industry is a 12-month operation.

12-YEAR OLD DIES WHEN MOTORCYCLE STRUCK BY CAR

Mrs. Joan Muller White was called to Lakeland Monday by the death of her 12-year old nephew, who was killed and his brother injured when the motorcycle, they were riding was struck that morning by a car at Brunell Avenue and Candace Street.

Dead is Thomas Leonard Muller. His brother, Peter Michael Muller, 14, suffered a compound fracture of his leg and body cuts and bruises. Both boys are sons of Mr. and Mrs. Peter C. Muller of 1030 South Boulevard, Lakeland and grandsons of the late Mrs. Peter Muller of Belle Glade.

The investigating officer reported a car driving south on Brunell Avenue as Peter Muller was riding the motorcycle north. The car, a 1958 Buick Wildcat, was a passenger car, the officer said.

The driver of the car, made a turn signal and slowed to almost a stop when he saw the motorcycle approaching. Peter Muller also slowed the motorcycle down. Apparently the driver of the car, who was driving north, saw the motorcycle and continued his turn to the left. The car struck the left side of the motorcycle.

Meeks, the driver of the car, stopped immediately. The motorcycle went into a ditch on its right side, about 40 feet to the east side of Brunell Avenue where Thomas Muller was thrown from the machine and struck his head.

Robert L. Searle Named Member C&SF Flood Board

Robert L. Searle, 45, a Coral Gables insurance man, will be sworn in as a member of the Governing Board of the 18-county Central and Southern Florida Flood Control District June 7 in West Palm Beach.

Searle, who served as mayor of Coral Gables from April 1961 to April 1963, was appointed by Governor Farris Bryant to replace J. Bruce Vining of Miami, who resigned because of the "press of business."

An active civic leader in Dade County, Searle has been a member of the Coral Gables City Commission since 1955. He held the post of vice mayor from 1957-59. He is a director of the

Hall of Flags—50 of Them In City Park Is Planned Here

The chairman of the committee of 21,332-veterans of World War II and Korea — has a project that is local in its final accomplishment and is practical.

He envisions a Hall of Flags, right here in Belle Glade, maybe in the City Park, containing a flag of each state in the United States. His letters to the governor of each state has brought nine flags and promises of 26 others. Some governors inform him that state laws and budgets will not allow sending the flag complimentary, but offer to see that he gets one

by purchase.

Burns is organizing his group legally and will accept donations for the purpose of erecting a hall of flags enclosed shelter in which to display the flags.

His disappointment at the lack of interest on the part of the National Congress for his proposal to have veterans of World War II and Korea a bonus is dispelled in this flag proposal.

However, he has not given up on the bonus proposition, and anticipates using the flag collection as a constant reminder to whoever sees it.

South Sea Island Class Nite Theme For 1963 Grads

A Ball-Hi Holiday in the South Sea Islands, year 1973, was the class nite theme for the 1963 graduating class. Mike Berryhill, emcee, presented the class history, with many senior class members participating in flashbacks, until years gone by. There was a Flower Chain Ceremony with Senior Class President Kenneth Royston making the presentation which was accepted by Junior Class President Charles Thompson.

Many students earned awards which were presented by Principal Nelson Morris. Other seniors were recognized for outstanding achievements and scholarships.

Best all-around Senior Girl went to Anna Marie LaChance. This award is given by the Lions Club.

Awards for general excellence: English, Sally Ann Boland, presented by Class of '62 Journalism, Wayne, Wood, awarded by Belle Glade Herald. History, Kenneth Royston, American Legion Auxiliary. Mathematics, Anna Marie LaChance, received the American Legion award. Citizenship trophies awarded by the American Legion were awarded to Barbara Wolf and Tommy Trammell.

Janie Lee Awarded Genevieve Gove Memorial Trophy

The Genevieve Gove Memorial trophy will be presented each year to a senior who shows promise of being an outstanding teacher. The winner must indicate an interest in teaching. A large trophy will be kept in the alcove of the high school and each year the winner's name will be engraved on it. A small trophy will be presented to each winner.

This award is being presented to the faculties of both the elementary and high school in memory of a beloved teacher and friend. Recipient of this year's award is Janie Lee, daughter of Mr. and Mrs. Marvin Lee of Lake Harbor. Involved in the business of the Brown Farm Road when 27 persons lost their lives.

Vacation Bible School June 10-15 At First Baptist Church, S. Bay

Vacation Bible School time at First Baptist Church in South Bay is right around the corner. Bible School will begin each morning at 8:30 a.m. and run till 11:30 a.m. It will be for children 2 years of age through 16 years of age. The pastor, Rev. James A. Fenton will be the principal of the school this year which will run for five days, June 10th through 15th.

New Constitution, By-Laws Slated At S. Bay Church

The First Baptist Church of South Bay will adopt a new Constitution and By-Laws on Wednesday night, June 12th at 7:45 p.m.

The new constitution and by-laws will bring the laws and practices of the church up-to-date and will make new rules and regulations of that of its members.

Since September 28, 1960, the church has been working on a new constitution. The church was registered then with that of corporation papers with the state of Florida.

In the new constitution there are to be restrictions of that of its members. All church officers of the church have the requirements and their duties outlined in that of the constitution and by-laws.

All members of the First Baptist Church of South Bay, Inc. are requested to be present at the regular business meeting. Copies of the constitution and by-laws will be handed out following at the Sunday morning service on June 9th.

Rev. Ed Straner Accepts Pastorale At Palatka Church

Rev. Edward Straner recently resigned as assistant pastor of the First Baptist Church of Belle Glade to accept a call by the First Baptist Church of Palatka, Florida, to be pastor of their River Road Baptist Chapel.

Rev. Straner began his ministry in Belle Glade on November 16, 1958, when Northside Baptist Church was first begun. The chapel was later to become the Extension Department of the First Baptist Church, with Rev. Straner becoming assistant pastor of the church and director of the extension department.

While in Belle Glade, he has been active in the Belle Glade Ministerial Association and the Palm Lake Baptist Association. Mrs. Straner is a fifth grade teacher in the Belle Glade Elementary School. The Straners plan to leave on June 17.

Churches of Christ Scientist

This Sunday's service at First Church of Christ Scientists, Belle Glade will be on the subject "God is the Only Cause and Creator."

Golden Text: "Thou art worthy O Lord, to receive glory and honour and power: for thou hast created all things, and for thy pleasure they are and were created" (Rev. 4:11).

Selections to be read from the Christian Science textbook include these lines: "No wisdom is wise but His wisdom; no truth is true, no love is lovely, no life is life but the divine, no good is, but the good God" (Science and Health with Key to the Scriptures) by Mary Baker Eddy, p. 275).

ELDER JOHNS HONORED

At the close of the morning worship service last Sunday morning, members of the First Independent Missionary Baptist Church surprised their pastor, Elder E. L. Johns, with a birthday dinner, including a huge birthday cake, and presented him a Semanoid two-suit.

A wonderful time of fellowship was enjoyed by the congregation. Elder Markley Kite, missionary to the Virgin Islands, was guest speaker at the evening service at the First Independent Missionary Baptist Church last Sunday night.

Sermon Topics

FIRST BAPTIST CHURCH, South Bay—Rev. James Fenton will speak at the morning service on "Flowing Fountains on Broken Cisterns." His message at the evening service will be "Tack for Two," Matthew 18:19.

CHURCH OF CHRIST—"The Great Commission" will be the sermon by Harry Darrow Jr., evangelist at the morning service and at the evening service "Dipped in Sunshine."

ST. PETER LUTHERAN CHURCH—Holy Communion will be held Trinity Sunday. Rev. William Relt will speak on the sermon "The New Birth."

FIRST BAPTIST CHURCH—Jack Epps, executive director, of United Christian Action, Inc. of Lakeland will be guest speaker Sunday night on "Trading Morals for Money."

Be Thou An Example

By Roscoe Knight
At this time of year, it is said concerning the students that are finishing another milestone in their education. It is therefore appropriate then, that a few words be said to encourage the graduate.

The apostle Paul wrote to Timothy, "Let no man despise thy youth, but be thou an example to them that believe in word, in manner of life, in love, in faith and in purity. I Tim. 4:12."

In the outset, Paul simply says let no one make fun of you because you are young. He then gives a sure way to prevent this. He shows how to be an example.

Vacation Church School Scheduled June 11-12

Vacation Church School at Community Methodist Church will begin Tuesday, June 11 and continue weekdays through June 21. The time is 9:00 until 11:00 a.m.

On the 21st as a closing activity the children will see a doll show presented by Mrs. Albert Pier of West Palm Beach. Mrs. Pier will have dolls dressed in authentic native costume to go along with the vacation Church School theme for the year, "Widening Relationships."

TODAY'S Meditation

Read Titus 3:1-8

If any man be in Christ, he is a new creature: old things are passed away; behold, all things are become new. (II Corinthians 5:17).

While I was sitting by my bedroom window reading the Bible early one morning, the sun's rays began to fill the room. The overhead light became of less and less importance. During the darkness of the night, the artificial light had seemed satisfactory, but as the brightness of the sun filled the room, that light faded into insignificance.

This reminded me of what happens in every true conversion. When the Holy Spirit enters in, we begin living a new life in Christ. The old life no longer satisfies.

As long as we are content to live in the darkness of deception, Satan appears as brightness to us, for he presents himself as an angel of light. When we receive Christ, His brightness replaces Satan's darkness, and our whole being is illuminated with new life from God.

PRAYER: Our Father, we thank Thee for the working of Thy power within that leads to repentance. We ask Thee to lift the blindness from our self-centered hearts and enable us to surrender fully to Thee. We know it is only Thy goodness that leads to true repentance. We ask this repentance for any who have never experienced the new birth. In the Master's name we ask it. Amen.

THOUGHT FOR THE DAY
The light of Christ will banish all darkness if we receive Him as Lord and Savior.

Grads—Just a Moment!

Sure, we know you're busy and excited as graduation day arrives. You've got a lot of things on your mind, and a thousand things to do, time is short and naturally you want to crowd all the joy and happiness possible into this great occasion.

We realize all that and we're happy for you.

Take just a serious moment with us then, and let us tell you how proud we are of you and how much confidence we have in your ability to succeed.

So, somewhere in this final rush of activities, permit us to crowd in our sincerest congratulations and best wishes.

Be an example in word. No one shows a greater lack of the use of good words as the one that only describes with propriety. There is no place for this kind of language.

Next the Apostle points out the need for an exemplary life. Be thou an example in manner of life, not a dumb follower. The love spoken of here is

not to be confused with what many call love. Here is a deep abiding love of one person for the sons of men. Jesus said love your enemies.

Faith comes of hearing and hearing by the Word of God. We are to be an example in that deep rooted faith in Jesus as the son of God.

The last is very important. Purity is never out of style. It

is always in good taste. Girls and boys need to learn this, and remember to be an example in purity.

When any one follows this teaching, no one can take him lightly, for he is meet for the Master's use.

The mainspring of life is in the heart.

BEHIND THE SCENES

But Elmo is no fool. Out of the circus ring he always tries to do the right thing at the right time. Those winter Sundays in Florida, before the show goes on the road, you might not see Elmo in church, and never know he is a clown.

And even though on the road, when Sunday is morning day, Elmo gets out his old worn Bible and his teacher's guide, and with his own kids, and with all the other "show" kids gathered around him, there is Sunday School on the circus train.

Yes, Elmo is a Christian. He lives his faith through all the complications of a strange occupation. He is not a mark—be it Elmo. He is the Chairman of a circus train—the Sunday School teacher of show business. He knows when to put fun and frolic aside, and turn to the task by which we live!

The Church invites you and your family to worship next Sunday and every Sunday.

Miss Wedgworth

John P. Oetmann To Wed June 15

Miss Barbara Wedgworth has chosen her sister, Mrs. Joe Tom Boynton of Pahokee, as her only attendant for her approaching marriage to John Paul Oetmann on June 15 at 4 o'clock, P.M., at the Community Methodist Church. Flower girls for the wedding will be the bride-elect's nieces, Diane Wedgworth and Laura C. Boynton.

John A. Oetmann of Matwan, N.J., will be his son's best man. U.S. will be George Cook, Massapequa, N.J., David Winger, Clifton, N.J., both brothers-in-law of the groom; Wayne Boynton and Bruce Boynton, nephews of Miss Wedgworth.

No formal invitations are being sent in the Glades, but the friends are invited to the wedding and reception which will follow at the Wedgworth home 200 N.W. Ave. 1, Belle Glade.

Sonja Figueroa

Names Attendants

Miss Sonja Figueroa and Raul Geoghegan have announced their plans for their wedding on June 15 at 8 p.m. at the First Baptist Church. The pastor, the Reverend Luther A. Key will officiate.

Miss Figueroa has chosen as her attendants, her sister, Mrs. Frank Painter of Wilma, Fla., as matron of honor, bridesmaids, Miss Gwen Rustin, Lake Park, Miss Mary Paige, North Canton, Ohio; Miss Susie Hudson, Marianna, Fla.; Miss Sonia Colon, San Juan, Puerto Rico; Miss Karen Geog, Belle Glade; Hansel Geoghegan of Florida; and Miss Mary Louise Geoghegan of Florida.

The reception will be held immediately after the ceremony at the Civic Center. All friends of the couple are invited to attend the wedding and the reception.

New Hair Styles

The big news in hair styles is the look of smooth, shorter hair which fits closer to the head. Bouffant hairdos are on the way out, and neat and natural-looking coiffures are taking their place. The length of the hair is about an inch or so below the ears. Hair fashion experts are tending the swing back to "naturalness."

A whole blessing for us that he days of full and high hair styles are gone! With this new hair style we have a golden opportunity to recolonize our hair. Full and high hair styles were very attractive, but they required a great deal of teasing. Unfortunately, too much teasing causes hair to become dull and dry—definitely makes for split ends.

If your hair has been damaged from over-teasing, I suggest you try recolonizing it until your hair becomes natural looking again. Recolonizing is a simple trick you can do by yourself. Alberto VOS Hair Dressing is very effective for hair and scalp treatments. Simply rub some well into hair and scalp.

Remember, even though hair styles are shorter and fit closer to the head, still keep up the 100 strokes with a hair brush each night.

I'm sure you are just as happy as I am with the news of natural-looking hair again. It's a welcome breath of spring to hair!

Florida's tomato harvest averages more than \$40,000,000 annually. Florida ranks sixth among all states.

Lisa Bailey Feted On Fifth Birthday

Mrs. Bill Bailey honored her daughter Lisa, at a luncheon at Selka's Restaurant May 30 in celebration of her fifth birthday. The young fry were seated at a table decorated with hibiscus and fern where they enjoyed a fried chicken dinner with help of birthday cake, decorated with a deal of the birthday girl's doll carriage. Party favor blowouts were given each child.

Following the dinner, the 21 children were taken on the Alligator Farm, which proved to be an interesting tour. Adults attending were Mrs. Roy Brown, Mrs. Ray Kent, Mrs. Edward Klange, Mrs. C. A. Bailey, Mrs. Billy E. Gault and Mrs. George Wedgworth.

Music Recital Draws Capacity Audience

A capacity and enthusiastic audience attended the West Palm Beach Studio of Music 17th annual recital for piano and organ at the Community Center Saturday night.

Highlighting the program was the rendition of Un Sos Piro by Liszt by Sharon Moties, 16 years old. She displayed fine musicianship as well as technique. This number won Glenda Dell a scholarship at the Miami University.

Kathryn Smith, age 13, played "Malguna" by Lecuone and showed unusual talent at an early age, living up to the tradition of a musical family.

Winkle Williams, age 13, showed fine technique in the "Flight of the Bumble Bee" in its original form.

Suzanne Williams played the popular arrangement of "Deep Purple" for piano and organ. Her expression and interpretation were excellent.

Geneva Chapman played a difficult Williams arrangement of "Autumn Leaves," a number which displays much ability.

Sally Ann Boland played the Grieg "Nocturne" a very sensitive and beautiful composition in which she displayed exceptional ability.

Darlene Dupree played Bach's "Solfeggio," a number of perpetual motion. Darlene won superior rating on the flute in the State Contest.

Sherry Burgess played the technical "Wollenhaupt Etude" and shows great progress in the study of piano recital organ.

Pam Whitlock played the "Durand First Waltz." Another student with a figure.

A Briefing On... Wedding Customs

There'll be about 1 and one-half million weddings in the United States this year and, as usual, June is the most popular month for the altar-bound.

Why June has become the traditional month of wedding and roses probably relates to the transportation difficulties in early America... too much snow in the celebration. Spring and fall were bad times, too, because folks were busy with planting or harvesting.

Another influencing factor may have been that June is named after the Roman goddess, Juno. The Greeks had a different name for this month—Hera. Anyway, the point is that Juno (or Hera) was the goddess of womanhood, of marriage and of maternity. She was usually represented as a matronly type, but nonetheless beautiful. The peacock, the cuckoo and the pomegranate were sacred to her.

Home spoke of her as the "white-armed goddess" of which adds up to the kind of deity every prospective bride ought to have on her side.

These and many other interesting observations about the origins of wedding customs are culled from Compton's Pictured Encyclopedia. Here are some:

For instance, the engagement ring represents the very old custom of a gift to a girl desired in marriage. The diamond ring originated in Italy where the diamond was believed to be a "flame of love." In ancient Egypt, the ring was a symbol of eternity. It also symbolized the "captive bride" whose hands were tied to prevent her from escaping. Anglo-Saxons were the ring on the right hand until the wedding when it was transferred to the left.

Mr. and Mrs. E. Smith entertained at supper Saturday night the following guests Mr. and Mrs. Doyle North and family of Cleveland, Mr. and Mrs. Norton Bass and daughter of Ocala, Ga., Miss M. A. Henderson, Mrs. F. M. Campbell of Belle Glade, Mrs. J. N. Morris, Mrs. Mary Morris, Mrs. G. H. Henderson.

Mrs. Hugh Williams is planning her wedding Saturday in Naples with Mr. and Mrs. G. H. Henderson.

Mr. Jim Hendry attended Homecoming at Bethany Church near Bradenton on Sunday.

Mrs. John D. Hemphill, Susie Hemphill, Audrey Mathis and Ted Blumstein spent the weekend at Raintown River near Dade County. Guests from Ocala included Mr. and Mrs. Jack Hemphill, Mr. and Mrs. Blumstein and Janice and Becky Priest.

Take a break! Nothing is more relaxing than a five-minute break in the morning and afternoon. If possible, sip some milk, tea, coffee, juice or bouillon in cold water while waiting. You'll be refreshed and ready to carry on!

Before applying make-up, use lotion on your face. A professional make-up artist will use a professional make-up base and protect your skin from wind, dryness and dirt getting into your pores.

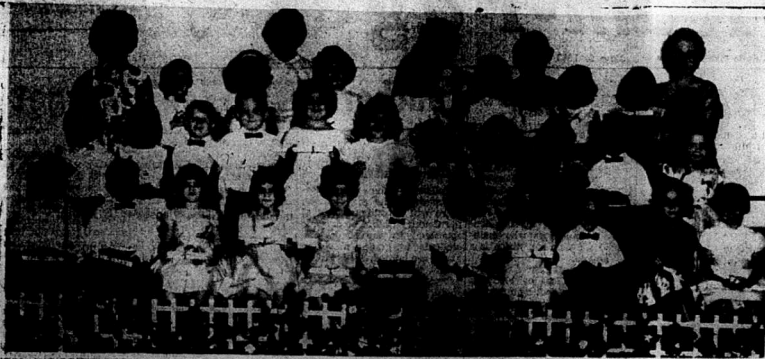

Mascara and eyeliner won't smear on your face if you dust your eyes and eyelashes with powder before applying eye make-up.

If you tend to slouch, think "tall." You'll be surprised how much better your sitting and standing posture will be... and you'll feel better, too!

No more tears from your little girl when you comb her hair after shampooing. A good cream rinse, such as Alberto VOS Cream Rinse, will leave her hair free of snarls and tangles—makes combing easier for both of you.

Belle Glade Chapter FFA Among 170 Attending State Convention

More than 800 school boys, members of the Florida Association of Future Farmers of America, will attend the 35th Annual State FFA Convention in Daytona Beach, June 11-14.

State School Supt. Thomas D. Bailey said representatives from 170 chapters are expected. There are 9621 members in 170 chapters in 58 Florida counties. The Belle Glade Chapter FFA

will be represented at the convention by Kenneth Davis, president, who will receive the State Farmer degree, also President-elect Emmett Trammis and other officers Guy Wilson, Riley Foster and Jimmy Jackson. S. S. Lovell, FFA advisor will accompany the group.

During the convention, the school-boy farmers will compete in various contests for cash prizes totaling over \$5000; fourteen cost-free trips to the National FFA Convention, in Kansas City, Missouri, in October; State Chapter Cooperative winner representatives to American Institute of Cooperation, Lincoln, Nebraska, in August; seven trips to the National Junior Vegetable Growers Association Convention in Pittsburgh, Penn., in December; and four scholarships to the University of Florida.

New officers will be elected at the meet and 177 Future Farmers will receive the State Farmer Degree, highest FFA Award in the State. Prominent citizens from Florida will receive honorary membership in the FFA for their contribution toward the development of agriculture and the FFA.

Six school girls, representing FFA chapters, will compete for the title of FFA Sweetheart and \$200 in prizes. Patsy Crosby of Pahokee will be one of the Sweethearts competing for the title.

Marine Recruiter Here June 13th

According to Gunnery Sergeant Pete Walker, "Marine Corps recruiter from West Palm Beach, he will be in Belle Glade on Thursday, June 13th, 1963 to interview those young men and women interested in the United States Marine Corps. He will arrive in Belle Glade at approximately 10 a.m. and will remain there until afternoon. While in Belle Glade he can be located at the Selective Service Office. Sergeant Walker suggested that those interested in talking to him call the clerk at the Selective Service Office and inform her of the time they will be there to talk to him. By doing this I will be sure to be there when the individual arrives commented Sergeant Walker.

Now is the time for a young man to enlist in the Marines, as the quota is rapidly filling for the summer months. Many high school seniors who anticipated going into the Marines after graduation have already enlisted and have reserved them a spot in the month they desire to leave. Our "120 day delay program," commented Sergeant Walker, permits a young man to enlist today and select that day within four months he desires to leave for active duty, and because of this my quota for the month ahead is being filled in advance.

Two Awards Given To Sen. Holland

Two significant national awards are being presented only two weeks apart to Florida's senior senator, Spessard L. Holland, adding to the 33 others previously conferred on him.

He is to receive the George Washington Memorial Award of the National Rivers and Harbors Congress on June 7 at a ceremony in Washington. Two weeks earlier he was presented a distinguished service award by the American for Constitutional Action.

Rear Adm. Ben Morell (USN Ret.) made the presentation for the ACA group. He declared that Senator Holland was a unanimous choice of the board of trustees "for notable voting in the Congress of the United States during the period 1955-1962." Three Florida members of the House and seven other southern senators were among those similarly honored.

The award is in commendation of his support of those legislative measures which serve to sustain, strengthen and defend the spirit and principles of the Constitution as defined by the Founding Fathers of our republic," Senator Holland was told.

Guardsmen-Reservists Employment Status Protected by Law

National guardsmen and reservists who have to be absent from their jobs in order to perform their annual training duty have certain obligations if they want their job rights protected, according to a U.S. Department of Labor official.

Harvey Driscoll, regional director of the Department's Bureau of Veterans Reemployment Rights, said here this week that guardsmen and reservists must be absent from their jobs in order to have the reemployment protection afforded by federal law for military duty.

"Employers are obligated to grant leave of absence to guardsmen and reservists for annual military training pur-

poses. "The law prohibits employers from requiring their employees to take their vacations at the same time annual military training is scheduled," Driscoll continued.

He said that employees are entitled to reemployment with such seniority, status, pay and vacation as they would have had if they had not been absent for training purposes.

Further information may be had from the Bureau of Veterans Reemployment Rights, U.S. Department of Labor, Room 523

1963 Awards for Dubious Achievement

In the midst of all the excitement of graduation, a number of important awards have been overlooked. Therefore, we, the Class of '63, would like to bestow the following sacred honors upon their rightful recipients. We hereby recognize the following:

Willie LeFils . . . for consistently and unvaryingly cacking his knuckles in the key of "B flat" and God-blessing every sneeze that was snore in trig class.

Kenneth Royson and Martin Buss . . . for unselfishly sacrificing their precious school hours to go to the beach.

Nancy Goodbread . . . for talking faster than Mary Alice once in a while.

Mr. Groover . . . for rendering enlightening lectures while his physics class peacefully slept.

Frank Pritchard . . . for wearing red suspenders to the prom.

Petra Ebang . . . for writing great journalistic masterpieces in the Ram-Page, without anyone knowing who she was.

Gary Clark . . . for leading the unsuccessful invasion of Cuba . . . er, Clewiston.

Bob Blakely . . . for being such a good sport when he sat on his comb and broke it.

Sharon Motes . . . for being the only junior in two all-senior classes, and making higher grades than all the seniors.

Mr. Kels . . . for the usage of such assequialan vernacular that his feeble craniums were unable to comprehend.

Bucky Hill . . . for losing her Kleenexes all over the stage during the class play, and managing to leak her fountain pen in her mouth in English class.

Frank Kruse . . . for being the first person in the world to have an "iron concussion."

Ray Bedsole . . . for offering profound observations every hour, on the hour.

Mike Berryhill . . . for squealing the microphone at eight consecutive assemblies.

Mr. Bowers . . . for having the best-smelling room in school.

Sir Winston Hub W. Spooner . . . for condescending to come to school with mere commoners.

Mr. Stevens and the BOHS Band . . . for playing "Hey, Look Me Over" ten different ways.

Bill Weeks . . . for operating "Billy's Casino" for the mullet in physics class.

Wayne Wood . . . for rapidly muttering successions of five-syllable words without cackling a smile.

Charlie Peet . . . for his active support of our football team.

Norizia Ortiz . . . for arguing with a Spanish accent in speech class.

Mr. Morris . . . for saying "coroner" for corridor, "Baculaisnack" and "I'm sorry, but you can't do that."

Tom Close . . . for keeping the gym floor clean with his jersey in basketball season.

Mr. Hayes and Mrs. Litchfield . . . for taking a swim in the pool with their clothes on.

Eddie Montalvo . . . for being the first person in the history of Florida to make the creek.

Mr. Hill . . . for exposing us to perfection.

Honor Students Named

By Helen Zywicki

It has been a part of Belle Glades High School for three years to honor those seniors who have maintained an A average, which ranges from 3.5 to 4.0 for the entire four years. The school has also honored those seniors who maintained a B average, which is 3.0 to 3.49.

This year, for the first time, the Senior Class of 1963 has twelve students with an A average and seven students with a B average. This is the most seniors ever to be honored for this achievement. They will be recognized at Class Night, June 6.

Mike Berryhill, son of Mr. and Mrs. Lee Berryhill, has achieved an A average for the four years. He was a member of the football, basketball, baseball, and tennis clubs, and president of the Student Council. After graduation from high school, he will attend the University of Florida, where he will major in Business. He is interested in various sports.

Sally Boland, daughter of Rev. and Mrs. W. R. Boland, has maintained an A average to earn her way to the honor roll. She came from Lake City, where she was a member of the Future Teachers Club, Junior Class, and the Annual Staff. Since coming to Belle Glades, Sally has continued to be a member of these clubs and the Newspaper Staff. She enjoys reading, sewing and playing the piano. Sally plans to attend the University of Florida and study sociology.

Martin Buss, son of Mr. and Mrs. W. H. Buss, has achieved an A average for four years. He was a member of the basketball and track teams and Junior Class president. Martin plans to attend Northwestern Nazarene College and become a lawyer.

Ginger Crichtfield, daughter of Mr. and Mrs. C. E. Crichtfield, has worked to gain an A average and this entitled her to be on the honor group. She was a member of the Rainbows, band and Beta Club. After graduation from high school, Ginger plans to attend Presbyterian College in Clinton, South Carolina, where she will study sociology. Her pastime includes playing the piano and twirling.

Anna Marie La Chance, daughter of Mr. and Mrs. Peter La Chance, was the top honor student with a 4.0 average. She was selected to give the farewell speech at graduation, June 6.

Tyra Lee, daughter of Mr. Therrill Lee, has also achieved an A average. She was an active member of the Future Teachers Club and president, Beta Club, and Junior Class treasurer. She plans to go to Mercer University in Macon, Georgia, and study to become a nurse. Her favorite hobbies are tennis and swimming.

Johnnie Nutt, daughter of Mr. and Mrs. J. R. Nutt, has maintained an A average throughout high school. She was a member of the Future Homemakers of America and Beta Club. After graduation from high school, Johnnie plans to attend Auburn University and major in either mathematics or engineering. Her interests include playing the piano and ukulele and tennis.

Barbara Stone, daughter of Mr. and Mrs. Boland, has achieved an A average also and was named to the honor roll. She has been a member of the Future Homemakers and held various offices: Beta Club, Student Council secretary and secretary of the Senior Class. Barbara plans to attend Florida State University and major in music or education. Her interest includes the piano, organ, sewing and water skiing.

Barbara Wolf, daughter of Mr. and Mrs. Emil Wolf, has achieved an A average throughout the four years. She is a member of the band, Beta Club and the Glee Club. Barbara is planning to attend University of Florida and later to become a teacher. She enjoys sewing, playing a clarinet and bowling.

Rosilee Walker, daughter of Mr. and Mrs. Charles Walker, has achieved an A average also. She is a member of the Beta Club and Glee Club. Her plans after graduation from high school are not definite yet. Rosilee's interest includes swimming among many other interests.

Dance to Be Held After Graduation

Following the Commencement Exercises in the gym tonight, there will be a dance held at the Country Club. The dance is sponsored for the seniors and students in grades nine and above are invited. Free refreshments, juke box (not puke box) are promised to all who will be there.

This will be the last dance of the year, so don't forget your "rockin' shoes" and a strong sacroiliac!

Dear Diary

The seniors began practice for class night this morning. As usual I was late. I surely hated to be seold in front of all my classmates. I promised not to be late anymore. I got home. I was 15 minutes late to night practice.

Dear Diary, We practiced so good last night that we didn't have to come to school until 1:30. Pictures were made to go in the newspaper. I forgot my cap and gown and they waited 45 minutes for me to get them. I had a flat tire on my way home. Class time was one big laugh.

Dear Diary, Practice! Practice! Practice! And I want you to know we can still use some. Everything seems to be going wrong. I put on my cap and gown this afternoon and spilled ice tea down the front.

Dear Diary, The BIG DAY has finally come and I'm feeling so glad, if you know what I mean. Just hearing the marching music is making me cry. I close now for I'm sneezing the ink.

Mrs. Guy Wood, has maintained an A average throughout high school. He will deliver the welcoming speech at the Commencement Exercises June 6th. Wayne was chosen by his fellow honor students.

Helen Zywicki, daughter of Mr. and Mrs. Sterling Zywicki, has maintained an A average throughout high school. She was required for the honor roll. She was a member of the Beta Club, vice president of the 4-H Club, Annual Staff, After graduation from high school, Helen plans to go to Florida State University and major in elementary education. She is interested in various sports.

Each of the students have worked hard and long to maintain such an average.

We, the senior class of 1963, wish to express our deepest appreciation to our three senior sponsors, Mrs. Hill, Mr. Fortenberry and Mr. Painter.

It is certain that their help and guidance have done much to make our final year in high school a year to remember with pleasure and not just relief that it's over. Even in some most trying situations these teachers with patience and understanding, helped to cushion some of the bumps and dips in the last lap of our high school career. These things they did willingly without hesitation and often without being shown any gratification or appreciation.

Mrs. Hill, our speech and English teacher, has spent many long hours of her own time in helping us to prepare for our class play. It is an undisputed fact that, without her, the play would never have been half the success that it was.

Our D.C.T. sponsor, Mr. Fortenberry, has been especially helpful to our D.C.T. students. He has helped many of them to find suitable jobs and has listened to and helped to solve many of their problems. Many students know Mr. Fortenberry as one of the friendliest teachers they have had. His smiling disposition will be long remembered by all students.

Every bookkeeping and typing student will always remember Mr. Painter for the countless days that he kept his room open after school and stayed in to give extra help to any who needed it.

These teachers will be in our memories and in our thoughts many times as we go our separate ways, and often we will realize just what a great debt we owe them.

A Graduation Challenge

We, as seniors, are standing on the threshold of a new epoch in our lives. We are preparing to emerge from the cocoon of parental care and protection, into a world of responsibility and self-sustenance.

It is we, the youth of America, who tomorrow will decide whether this nation shall prosper and lead the world in peace, or perish in a cloud of radioactive smoke.

It would be easy at this point in our lives, when we are faced with overwhelming new problems of our own, to shrink into complacency about the welfare of our country. It wouldn't be hard at all to say, "Someone besides me can look after our government. I'm just little ole me; and besides, SOMEONE will do it—they always have."

The holder of this attitude would neglect the fact that the "someone" they spoke of is made up of persons just like himself. This person would neglect the fact that if everyone left it up to everyone else to be interested, then there wouldn't be much left to be interested about.

Our generation has in its possession the greatest gift that man has ever received—the gift of freedom. It cost our ancestors their homes, their sweat, and, yes, even their lives. But it didn't cost us a dime!

Yet unless our generation begins to accept the responsibility of this gift, then surely we shall see it trickle through our fingers into oblivion. We owe it to our ancestors, our posterity and ourselves to see that this never happens.

The only prevention of this end is for EVERYONE (including you and I) to stand up for what we believe—if we don't believe in anything, then FIND what we believe; to be willing to fight, if necessary, to ward off the black threat of Communism; and to fight for these things until we win or die. Someday, if enough freedom-loving Americans are willing to stand up on their soapboxes and holler loud enough and long enough for what they believe, there will be no need to worry. For, Americans who love their lives, but cherish their freedom even more, we will win! We will win!

A FINAL WORD

Before I run out of breath, I would like to take this chance to thank everyone for making the RAM-PAGE a success this year. It has been a great privilege to serve as editor, and I hope that my views have not stained anyone's mind too deeply. I hope that the future years' RAM-PAGES will be able to find as much wonderful co-operation and support from this community as has this past year's. We are indebted to you.

UNCLE DAN from DOOLIE says:
 Dear Mister Editor:
 Zeke Grubb's preacher come by the country store Saturday night, told the fellers things was pritty lonesome at his house lately. He said their social life has got so puny he'd even be glad to see his mother-in-law come for a 2-hour visit.
 The good Parson claimed he could recollect in other days when him and his wife was invited out to eat 3 and 4 times a week. But he said it looks like them days has gone ferever. He reported that the last time they was invited out to eat was on account of Rufe Zinder was having a big family get-together and they needed somebody to ask a fancy blessing.
 He told the fellers he has been doing a little thinking on this matter and has come up with the reasons he ain't eating out more regular: First off, he figgers, families don't eat in the home like they did in the old days. Papa cats on the back porch, Mama cats in the kitchen. Junior cats in front of the TV set, and Sister is up at the drive store eating a popsicle. He said he wouldn't know hardly which place to set if he was invited to that house.
 Another reason, he figgers, is that most wimmen nowadays cook from tin cans and the ferefow counter and they was a little ashamed to invite the preacher to eat 'nobody else's cooking, sorter like going to the preacher read another preacher's sermon.
 As all these reasons, he claimed, 's good, but after a powerful lot of thinking he has decided that the main reason him and his family don't get invited out to eat no more is on account of his 6 younguns.
 As long as they wasn't nobody but him and his wife, he said, folks didn't mind. But now with their 6 younguns it was a matter of cleaning out the pantry shelf and most wimmen is 'fin cleaning out the pantry shelf at just one setting. He told the fellers he'd never 'fergit 'hen Big Slim's wife first invited them over to her house for supper. She didn't 'know hey had all them younguns and when they all come marching in, Big Slim's wife was a-ut to faint. He reported that was the last time they has been read with the Big Slim family. He figgers they broke Big Slim's pocketbook the first time round.
 He told the fellers the 'erey as just as well face up to the snafu, that in the preaching persuasion a preacher was going to have to choose between having a big family and eating out. The good Parson left a little 'triv, said he had to sit on some with them six cans of 'ork and beans so's his wife could sit surrer on the table.
 Yours truly,
 Uncle Dan

Letters to the Editor
 Dear Mr. Jones:
 Sorry let this run so long. I take the Herald largely for the occasional article by Mr. Wills and sometimes they get so far apart I give up hope of seeing any more. Know he is pretty busy though and can't write very often.
 Your editorials are too good as a rule to let bitterness creep in over the lake split. As you probably know the lake was only thrown into Palm Beach as a whole in the early days of the 1910s. It had been committed and no one could swear as to just what county it was in. Palm Beach needs more and better roads but not at the expense of its smaller neighbors. The lake area has a lot of problems on which it can, and should work together and acceptance of the lake split will give it a basis of fairness. As an agricultural area you will many times find your interests lie with the small counties and not with labor dominated big city groups. I first came to the lake in 1916 and have seen a lot of progress and expect to see a lot more. Most of what we Marketable Titles Made Easier by Tally
 Florida's new Marketable Title Act, signed into law today by Governor Bryant, is hailed by the Florida Bar as a major step forward in Florida laws on conveying of real property.
 The bill provides for the creation of marketable record titles to estate in and by limiting the period of title search to 30 years.
 The law protects the rights of parties in possession, recorded notice of claims, and claims by the United States or State of Florida inherent in the root of title. It also protects the rights of any person in whose name the land is assessed on the county tax rolls for the period of assessment and for three years thereafter.

South Bay Lions Barbecue A Success

The recent Barbecue Dinner sponsored by the South Bay Lions Club for its annual fund raising was a success. A net profit of \$200.00 was realized after all bills were paid. Money from such projects as this is used by the local club in various civic affairs such as sponsoring a little league baseball team, sending a safety patrol member to Washington, D. C., and buying classes for needy children or adults who are unable to obtain them.

President George King wishes to thank South Bay Growers for their donation of corn and celery, Fader Wilder for the cabbage and his able assistance in the barbecuing of the chickens, Max Harrell for his corn cooking, and all the Lions Club members and their wives for helping make the dinner a rousing success.

Educational Enrichment Program Registration June 14 at City Park

Registration for the Palm Beach County Schools Educational Enrichment Program throughout the Glades area will perform his duties, when he is not teaching swimming.

AWARDS TO BE PRESENTED

Friday, June 7, the South Bay School will have their end of the year assembly at 9 a.m. Mr. Pop Allen will present the American Legion Award to the eighth grade boy and girl who were selected by the eighth grade students. Awards to the Safety Patrol Students, Student Council and Perfect Attendance will be given at this time.

SWIMMING CLASSES

Due to the great demand for beginning swimming, H. A. Ouellette will have two classes this summer. The first class will be Monday, Wednesday and Friday morning, the second class will be Tuesday and Thursday morning. Registration forms for the swimming classes have already been sent to the parents. A student must be of school age to take the swimming class — that is he must be entering the first grade this fall. H. A. Ouellette will be co-

South Bay Lions Win Six Straight

The South Bay Lions in Little Major League play have established themselves as the team to beat as they have racked up six straight wins after dropping the opening game. In action last Friday night they dropped Power Gas 3 to 4 in a game that could have been won by either team until the last out. Gas made many errors at the wrong time and Lions made the most of them to win.

The other game saw Growers stay in a close second place by beating the Union team in a one sided game that was called at the end of the third inning due to the ten run limit rule. Union will have to be given credit for their determination as they are still giving it their all to break into the win column after dropping their first seven games.

Starting next Tuesday, June 11 there will be games twice a week, so come on out and watch your favorites.

Twelfth Season Of Passion Play Opens Feb. 9, 1964

The world-famous Black Hills Passion Play will return to Florida in 1964 for its 12th season at the Lake Wales Amphitheatre opening Sunday, February 9th.

The company, headed by Josef Meier as the Christus, closed its 11th season here in April, and has returned to South Dakota for its summer opening there early in June.

Since Easter comes early in 1964, the Florida schedule will continue three weeks beyond Easter with the closing date set for Sunday, April 19th.

James A. Baldauf is newly elected president of the non-profit group of local citizens (Passion Play Amphitheatre of Florida, Inc.) who sponsor the play at Lake Wales each year. In business life, he is superintendent of Flamingo Tile Corporation.

S. Bay Sixth Grade Enjoys Outing at Pool

The Sixth Grade boys and girls went swimming at the Pahokee Pool on May 29. Chaproning the group were mothers Mrs. Kenneth Warren, Mrs. Don Winterrow, Mrs. Alton Teele, Mrs. Crosby Crews and Mrs. Paul Wilson.

After having a fine time swimming for about an hour and a half, a delicious dinner consisting of fried chicken, baked beans, potato chips and cake was enjoyed before returning home.

The Spring Piano Recital of the students of Mrs. Robert Roadman was held at the Everglades Presbyterian Church in Belle Glade on Sunday afternoon at 3 p.m.

Parents and friends of the students of South Bay, Belle Glade and Lake Harbor enjoyed their numbers of superb quality.

Students participating and their selections were: Dennis Jackson, "The Drum Major," Janet Summerlin, "Fantasie Impromptu," Marilyn Stokes, "Dance of the Flowers," Linda Woodward, "Valse Bluet," Alma Nell Douglas, "Serenade," Diane Wales, "The Lonesome Pine," Evelyn Eftess, "Song of India," Susan Wilson, "The Bar Waltz," Judy Zywicki, "The Rosary," Sharon Wilder, "September Song," Marion Sullivan, "Gypsy Campfire," Melissa Schoepel, "Melody of Love," Sharon Wells, "Clear Le Lullaby," Sandra Wilson, "Walse Blue," Mary Ruth Rogers, "Glow Worm," Vickie Wilson, "Mazurka, Opa 17, No. 1," Doris Wilkins, "Caprice Brilliant," Cecelia Robertson, "Doll Dance," and Kathy Ferguson, "Sontata."

There will be four performances weekly in 1964, Baldauf said — on Tuesdays, Thursdays and Saturdays, starting at 7:30 p.m., plus a twilight performance every Sunday at 6 p.m.

In addition, two special student matinees are planned next year — on Wednesday, February 12th and Wednesday, February 25th.

physics major at The Citadel, Charleston, S. C. has assembled equipment for use in a research-type experiment.

Every senior at The Citadel is required to write a senior essay as part of the requirements for graduation. In the past, physics majors have made this a library type of project. This year's senior physics majors are conducting research-type experiments and then writing their essays on the work done.

Cadet Pierce's equipment consists of a variable electromagnet, a vacuum pumping system and associated electronic equipment. In the first experiment, Pierce set the equipment up to operate as a beta-ray spectrometer. He determined the beta-ray spectrum of a sample of radioactive Cesium 137.

The equipment is assembled to operate as a mass spectrometer. Mass spectrometers can be used to determine the rela-

tive abundances of the isotopes of an element. Pierce is determining the relative abundances of Lithium 6 and Lithium 7.

A first sergeant in the Corps of Cadets at the military college, Pierce has been an active participant in the college intramural sports program and the varsity swimming team. He was recently presented a certificate of selection for the 1963 Edition of Who's Who Among Students in American Universities and Colleges. He is president of The Citadel Chapter of the American Institute of Physics, and is a member of the Calliopean Literary Society.

Cadet Pierce is the son of Mr. and Mrs. George A. Pierce, of Tampa formerly of Belle Glade, Florida.

Six BG Students To Graduate PBJC

Belle Glades students graduating from Palm Beach Junior College at commencement exercises Tuesday, June 11, will be James Richard Challancin, Herbert Lee Craig, Alma Ann McClure Harrell, Dan Hayes, and Charles Jerold Poole, who completed graduation requirements at the end of the first semester but will receive diplomas at this time.

The commencement address will be given by Dr. Dr. Harry M. Philpott, vice president, University of Florida. Confering of degrees and presentation of diplomas will be by Dr. Harold C. Mann, president of the college.

The baccalaureate address will be given by the Rev. Thomas L. Harrington, instructor in Bible at the College Auditorium Sunday, June 9 at 4 p.m.

Recognition night is Monday June 10 at 8 p.m. with Dr. Mann presenting the awards.

Pledge Service And Installation Highlight of W.S.C.S. Meeting

An impressive pledge service and installation of officers were the high points of the General Meeting of the W.S.C.S. of Community Methodist Church on Tuesday evening, May 28.

Mrs. H. E. Post, treasurer, and the Joy Circle were in charge of the pledge service entitled, "What Do You Have In Your Hand?". This thought-provoking program called the members to an awareness of God, and a recognition that where there is love there must be service; it also provided an opportunity for the members to re-dedicate their prayers, service and gifts to God. A special feature of the program was a solo, "This Is My Task," by Mrs. Evelyn McElheny.

The installation of officers was conducted by Rev. W. R. Boland, who said that women lead two lives—the physical and the spiritual, and the office they accept in the Women's Society was a vital part of both these "lives."

The following slate of officers was installed for the 1963-64 year: President, Mrs. Robert Abel; vice president, Mrs. E. V. Allison; secretary, Mrs. E. M. Van Landingham; treasurer, Mrs. H. C. Post; secretaries and chairmen: Spiritua Life, Mrs. J. A. Ponder; Missionary Education, Mrs. F. C. Dooley; Christian Social Relations, Mrs. H. V. Dras; Promotion and Membership, Mrs. G. P. Farnall; Student Work, Mrs. Russell Tucker; Youth Work, Mrs. Clarence Kidder; Children's Work, Mrs. I. J. Wierengo; Literature, Mrs. L. L. Royals; Supply Work, Mrs. F. E. Hollingsworth; Lo-

cal Church Activities, Mrs. F. C. Schoenfeld; Public Relations, Mrs. F. C. White. In the short business meeting Mrs. Larry Royal, vice president presented a life membership pin to Mrs. Frank Morris. This is an honor given in special recognition of faithful service to the Women's Society. Mrs. Abel, president, thanked all the officers for their help in making the past year such a successful one.

Local Agents Attending Insurance Convention At Miami Beach June 7-9

The advance guard of the state's biggest annual meeting of independent fire and casualty insurance agents descends upon the Fontainebleau Hotel, Miami Beach, this week to set final details for the 59th Florida Association of Insurance Agents Convention. The president of the association is George H. Sweet of Miami.

Beginning today more than 1200 delegates from the Florida Panhandle to the Keys will begin checking into the Fontainebleau headquarters and overflow accommodations at the Sorrento and Eden Roc Hotels.

Attending the convention from Belle Glade are Mr. and Mrs. Howard Payne and Mr. and Mrs. William A. Thibaud. Heading the three-day, 22-speaker program will be Governor Farris Bryant Dr. Walter H. Judd former Minnesota congressman and keynote speaker at the 1959 Republican National Convention, Dr. Edward R. Andrus president-elect of the American Medical Association; Hayne P. Glover, president, National Association of Insurance Agents; Paul Gray, who has honored three requests to entertain the President of the United States, and Dr. Kenneth McFarland, consultant for General Motors Corporation.

Of special interest will be talks by Florida's State Treasurer, J. Edwin Larson and the chairman of the Florida Industrial Commission, A. Worley Brown.

U.S. Engineers Build Defenses Against Salt Water

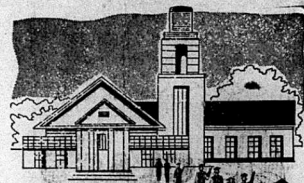

The U.S. Army Corps of Engineers in Jacksonville awarded an \$88,100.62 contract for construction of a salt water barrier on the lower east coast in Dade County near Miami and for extension of a canal six miles away.

Colonel H. A. Parfitt, Jacksonville district engineer, said a low-level dike will be constructed parallel to the coast just east of S.W. 87th Avenue between Old Cutler Road and Canal 1. It will be situated some three miles east of Goulds on U.S. Highway 1 and the Florida East Coast Railway.

The contract also calls for dredging some 3100 feet of Canal 1, extending from the Seaboard Airline Railroad bridge, just west of the Univer-

sity of Miami south campus, to from the canal extension and Lindgren Road.

Some 20,000 cubic yards of material will be used to build the levee, Colonel Parfitt said.

US Sugar Plants 12-15,000 Acres Additional Cane

Sugar cane growers in Florida's Everglades are planning to increase their plantings next fall. The U.S. Department of Agriculture has announced that all restrictions are off the 1964 crop.

The action, which removes all quotas of sugar acreage, is the result of a world shortage of sugar and the recent soaring of sugar prices.

The United States Sugar Corporation, with mills at Clewiston and Bryant, will plant an additional 12,000 to 15,000 acres this fall, according to Harry T. Vaughn, president of the company which is the largest producer of raw sugar in the continental United States.

Vaughn, recognized as spokesman for the industry, said he feels Florida growers will do all possible to increase their production and alleviate the world shortage of sugar.

At a called meeting of independent growers Monday, U.S. Sugar announced that it will grind for each of its growers cane sufficient to produce a 20 per cent increase of presently assigned quotas.

"THE CHRISTIAN LIFE"

1. God of grace and God of glory, On Thy people pour Thy power; Crown Thine ancient Church's story; Bring her bud to glorious Flower. Grant us wisdom, Grant us courage, For the facing of this hour. For the facing of this hour.
2. Lo! the hosts of evil round us Scorn Thy Christ, assail His ways! Fears and doubts too long have bound us, Free our hearts to work and praise. Grant us wisdom, Grant us courage, For the living of these days, For the living of these days.
3. Set your feet on lofty places; Gird our lives that they may be Armed with all Christ-like graces In the fight to set men free. Grant us wisdom, Grant us courage, That we fail not man nor Thee!

500 Girls Attend 4-H Short Course

Five-hundred of Florida's top 4-H Club girls will be on hand at Florida State University here on Monday, June 10 for a week of recreation, newswriting, career exploration, wardrobe planning, health, personality development, child care, art, public speaking, civil defense, safety, home improvement, how to select small kitchen equipment and how to shop.

The 48th Annual State Girls' 4-H Club Short Course will open Monday evening with a welcome from Dr. Gordon W. Blackwell, president of the Florida State University, and Miss Anna Mae Sikes, state home demonstration agent.

Following the theme "4-H Builds on Our American Heritage," state leaders will present various aspects of our heritage. Secretary of State Tom Adams will discuss America's economic and political heritage and Mrs. Myron R. Blee, president, Florida Congress of Parent-Teachers' Association, will talk on cultural heritage.

Dr. M. O. Watkins, director, Florida Agricultural Extension Service, will define citizenship, especially as related to 4-H Club work. Mrs. Lewis Bevis, Tallahassee homemaker and civic leader, will discuss spiritual heritage, and Dr. Stanley J. Marshall, head of science education, Florida State University, will talk on educational heritage.

Dr. E. Laurence Chalmers, Jr., assistant dean of faculties, Florida State University, will present the challenge of leadership when new State 4-H Council officers are installed.

The girls will have their pick of classes in music, food science,

COMMISSIONER OF AGRICULTURE DOYLE CONNER (left) looks over samples of fresh celery and radishes from Palm Beach County, which were distributed recently to members of the State Cabinet and Legislature in Tallahassee, by Representatives Emmett S. Roberts (center), Belle Glade; and Jerry Thomas, Lake Park. Commissioner Conner praised the quality of the vegetables which are part of Palm Beach County's multi-million dollar agricultural industry.

Buys \$2½ Million Dept. of Defense Glades Office

CONGRATULATIONS GRADUATES OF 1963

We join the community to
wish you well and congratulate
you upon this your graduation.

South Bay Growers

The Department of Defense
purchased 21,000,000 pounds of
Florida produce at a cost of
\$2,500,000 through its Belle
Glade, Florida, purchasing of-
fice during the 1963 buying sea-
son.

The regional office operates
from November to April, and
selects fresh and frozen pro-
duce for delivery to the military
services and the dependents of
servicemen.

If transported in refrigerator
vans, the mountain of Florida-
grown food would have filled
600 trucks. Average cost of the
food per pound to the govern-
ment was about 12 cents.

Purchases in the Belle Glade
area were only momentarily
slowed by the early December
freeze. Rapid recovery was
made possible by the quick
growth of new plantings. Com-
parable volume purchased be-
tween February and March in
1962 and 1963 showed little dif-
ference due to the freeze.

1963	1962
Feb. \$ 667,296	\$ 778,739
March 788,087	827,617
April 930,874	788,997

\$2,404,257 \$2,395,353

The Belle Glade office is an
element of the Defense Subsis-
tence Supply Center, Chicago,
Illinois, which provides food to
U.S. servicemen worldwide. The
Defense Subsisistence Supply
Center is a field activity of the
Defense Supply Agency.

The items purchased for the
military included:

Oranges, grapefruit, celery,
cucumbers, peppers, tomatoes,
cabbage, corn, radishes, egg-
plant, endive, escarole, carrots,
spinach, green beans, parsley, celery,
heart-of-watermelons, orange
juice concentrate, grapefruit
juice concentrate and lime juice.

The Defense Supply Agency
is presently testing the feasi-
bility of shipping fresh produce
direct to U.S. military activities
in Europe as a part of the over-
all program to reduce the out-
ward flow of gold.

Transportation (Continued From Page 1)

the idea of capturing the pen-
nies-per-crate, at sale.

There is a farmer-regulated
marketing agreement that de-
cides on acreage allotments and
daily shipments, for Florida cel-
ery.

With an average \$1.75 cost to
produce, harvest, pack, sell and
load in car or truck, this "on-
the-job" organization considers
the nation's terminal markets
supply and probable demands
to prevent glutting and demon-
strating the probability of black-
ink returns from sales.

Celery is a substantial se-
gment of the Glades near a 100
million dollar agricultural pro-
duction; it's a 12-month opera-
tion; a major portion of it's re-
turns go to labor which is scat-
tered around to the butcher, the
baker, the automobile and tel-
evision maker—everybody gets
some!

It comes from Nature and the
Ground thru toil and sweat, in-
genuity and proper utilization
of the "long green."

He that would make his own
liberty secure must guard even
his celery from oppression.
—Thomas Paine
